"Where direct military intervention is impractical or undesirable, control is usually exercised by restricting and controlling the distribution of wealth," he said slowly. "Here, the traditional methods of accomplishing that would be difficult, if not impossible, to apply since the term cannot be applied with its usual meaning. This society must have its pressure points, nevertheless. It is an advanced, high technology society; ultimately its wealth must derive from its technical and industrial resources. That is where we should look for its vulnerable spots." Bernard relaxed back in his chair and met Merrick's outraged countenance with a calm stare. "Nobody's going to shut that complex down, and you know it," he said. "Save the propaganda. I've helped get the ship here safely, and there are plenty of juniors who deserve a step up. Phoenix had officially become a part of Chiron once again.. though not as deep as coma. She'd probably lie limp and unresponsive until late morning.. "You do?" Driscoll looked surprised.. Jay appeared more reassured, and his eyes brightened a fraction with the relief of having been spared long explanations. "It's all screwed up," he replied simply.. "Good thing we weren't playing Russian roulette," Leilani said. "My brains would be all over the kitchen." Just then, two Chironian girls strolled around the corner from the narrow corridor. They looked fresh and pretty in loose blouses worn over snug-fitting slacks, and had lightweight stretch-boots of some silvery, lustrous material. One of them had brown, wavy hair with a reddish tint to it, and looked as if she were in her mid-thirties; the other was a blonde of perhaps twenty-two. For a split second, Driscoll felt an instinctive twinge of apprehension at the thought of looking ridiculous, but the girls showed no surprise. Instead they paused and looked at him not unpleasantly, but with a hint of reserve as if they wanted to smile but weren't quite sure if they should.. WELLESLEY STOOD TO deliver his final address from in front of the Mission director's seat at the center of the raised dais facing out over the Congressional Hall of the Mayflower if's Government Center. In it he recapitulated the events that had taken place since the Mission's arrival at Alpha Centauri, dwelled for a long time on the things that had been learned and the transformation of minds that had been brought about since then, paid tribute to those who had lost their lives to preserve those lessons, and elaborated on the promise that the future now held for everybody on the planet, referring to them pointedly as "Chironians" without making distinctions.. The dog goes straight for the shorts. No bark, no growl, no warning, in fact no evident animosity: Almost. why are you painting it?" he asked. "Because it needs painting." Even as he thought that, Eve's words about brainwashing came back to him. Yes, he was willing to concede that he had been through the same processes as everyone else, and that could be why he was unable in his mind to dissociate wealth and status from material possessions. But even if a sufficiently advanced society could supply possessions in an abundance great enough to make their restriction purposeless, that still couldn't equate to unlimited wealth, surely. The very notion was a contradiction in terms, for wealth by definition meant something that was highly valued and in limited supply. In other words, if on Chiron possessions did not equate to wealth and thereby satisfy the universal human hunger to be judged a success, then what did?. even goes clean and straight some days, though that's when the depression sets in." "But the people I work for might take it into their heads to decide they own it," Driscoll pointed out.. Jesus, he thought, he was sick of the system. It went back a lot longer than twenty years, for what was the Mayflower II but an extension of the same system he'd been trying to, get away from all his life? lay was beginning to feel the trap closing around him already. And none of it was going to change--ever. Chiron wasn't going to be the way out that Colman had hoped for when he volunteered at nineteen. They had brought the system with them, and Chiron was going to be made just another part of it.. Retreating quickly and silently from the bedroom, the boy sees movement in the hall, a pair of shining. There didn't seem to be any concept of rank or status here. Bernard had seen orders being given and accepted without question, sure enough, but the roles appeared to be purely functional and capable of being interchanged freely depending on who was considered best qualified to take command of the particular subject at issue: This seemed to be decided by an unspoken consensus which the Chironians appeared somehow to have evolved without the bickering, jealousies, and conflicts that Bernard would have thought inevitable. As far as he could make out there. The painter shrugged. "You just know. How do you know when you've had enough to eat?" cocaine for an evening of good smoking. But she didn't have the capacity for violence. Violence required. Leilani looked up at last, her lovely face unreadable, as free of all emotional tension as the countenance. and finished to the color and glimmer of Cabernet.. of an out-of-control machine, after all, but as a drunk or a lunatic. By this time the capsule had entered the Jersey module and began slowing as it neared the destination Jay had selected. The machine shops and other facilities available for public use were located on the near side of

the main production and manufacturing areas, and Jay led the way past administrative offices and along galleries through noisy surroundings that smelled of oil and hot metal to a set of large, steel double-doors. A smaller side door brought them to a check in counter topped by a glass partition behind which the attendant and a watchman were playing cribbage across a scratched and battered metal desk. The attendant stood and shuffled over when Jay and Pernak appeared, and Jay presented a school pass which entitled him to free use of the facilities. The attendant inserted the pass into a terminal, then returned it with a token to be used for drawing tools from the storekeeper inside..Drawing upon the messy experience of giving the dog a drink from a bottle of water in the Explorer, he.Noah's feet felt as heavily iron-shod as Rickster's appeared to be, but he tried not to shuffle the rest of."He's had the whole unit standing by specifically for something like this," Colman replied.
