Stepping into her digs was like passing through a time machine into another century, traveling in space, as well, to the Europe of Louis XIV. The expansive, high-ceilinged rooms overwhelmed the eye with the rich somber colors and the heavy forms of Baroque art and furniture. Shells, acanthus leaves, volutes, garlands, and scrolls-often gilded decorated the museum-quality antique Bombay chests, chairs, tables, massive mirrors, cabinets, and etageres..AT ST. MARY'S HOSPITAL, where Wally had brought Angel into this world three years ago, he was now fighting for his life, for a chance to see the girl grow and to be the father she needed. He'd been taken to surgery already when Celestina and Angel arrived a few minutes behind the ambulance..Deed flinched. "No reason. But I

sure never did mean you or your husband any harm, Mrs. Lampion. And not your baby, either, not little Bartholomew." Hound shrugged. He didn't choose to tell Losen that people hated him disinterestedly. Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore. Down the stairs, through the ground floor, quickly, soundlessly, breath held at times, listening for the other's breathing, listening for the softest squeak of rubber-soled shoes, although the hard clack of cloven hoofs and a whiff of sulfur would not have been surprising. At last he went to the kitchen, full circle from the shiny quarter on the breakfast table to the quarter again. No Cain. Barty whispered: "The North Pole Society of Not Evil Adventurers is now in session." Such quiet filled the house that Agnes couldn't hear even the murmuring miseries of the past. Caution discarded, Junior went inside, for the same reason that a dedicated opera aesthete might once a decade attend a country-music concert: to confirm the superiority of his taste and to be amused by what passed for music among the great unwashed. Some might call it slumming. The sensual memories of his torrid evening with Seraphim had left Junior aroused. Unfortunately, the only female nearby was Industrial Woman, and he wasn't that desperate. "From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism." Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of his life, because his tastes were modest. The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love. As though the blush were transmitted by a virus, Junior caught the primrose-pink contagion from the pianist. "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." "It's not scary," said Mary. "I just step into another place for a little, and then back. It's just like going from one room to the next. I can't get stuck over there or anything." She looked at Barty. "You know how it is, Dad." The dining table could accommodate six, and Agnes instructed Maria to set two places on each of the long sides, leaving the ends unused. "It'll be cozier if we all sit across from one another." "I'm Sister Josephina." She slipped Celestina's purse off her shoulder--"You can trust this with me"-. "Besides, I still live by my vows as much as possible, though I've had the longest continuing dispensation on record." A smile on that cracked countenance could be touching, but an ironic look now worked less well; it gave Kathleen a chill. "Vanity is a sin I've more easily been able to avoid than some others." Forward, under the spreading black branches of the massive tree, receiving continuous green-tongued murmurs of encouragement from the breeze-stirred leaves, Barty was Barty, determined and undaunted. If he had cut himself intentionally for the express purpose of writing the name in blood, then the reservoir of anger was deeper still and pent up behind a formidable dam of obsession. If Junior was not discreet, and if gossip about the widower Cain and the sexy nurse began to circulate, Vanadium would be on the case again even if it had been closed. The cop was sick, hateful, driven by unknowable inner demons. Although he might for the moment have been reined in by those in higher office, mere gossip of a spicy nature would be excuse enough for him to open the file again, which he'd surely do without informing his superiors. In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box. They were dining by candlelight. Vanilla-scented bougies stood on the sideboard, across the room, glimmering in glass chimneys, but Barty pointed instead to five squat red candles distributed through the centerpiece of pine sprays and white carnations. "Don't get me started on cyclones!" Edom hurried through the house and out to the station wagon, to fetch the boxes of groceries. By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house. "Well, actually, I owe Phimie. It's what she said between her two deaths on the delivery table that's changed my life." Wally drove slowly, carefully, with all the responsibility that you would expect from an obstetrician, pediatrician, and spanking-new fiancé. The trip home to Pacific Heights took twice as long as it would have taken in clear weather on a night without a pledge of troth. The third-floor apartment directly over Enoch Cain's unit had been leased by Simon Magusson, through his corporation, ever since it became available in March of '66, twenty-two months ago. Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby." "Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards." He first eased from aisle to aisle, but soon moved more quickly, convinced that the singer would be found beyond the next turn, and then the next. Was that her trailing shadow he had glimpsed, slipping around the corner ahead of him? Her womanly scent lingering in the air after her passage? Everyone regarded him expectantly, as if there would be more magic, as if flipping a coin into another reality was something you saw every week or two on the Ed Sullivan Show, between the acrobats and the jugglers who could balance ten spinning plates on ten tall sticks simultaneously. Holding a shaker in each hand, Tom walked them forward, causing them to diverge slightly at first, but then moving them along exactly parallel to each other. He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities. "I'm not sure which is more unusual--the site of the eruption, the number of boils, or the size of them." Phimie said the creep thought it was funny, but using Daddy's voice as background music also ... well, aroused him, maybe because it further humiliated her and because he knew it would humiliate our father. But we never told Daddy that part of it. Neither of us saw any useful reason for telling him." The end of his quest was near, so near, the right Bartholomew almost within 'mullet range. He was furious with Neddy Gnathic for possibly screwing this up. Agnes considered describing the sunset to the blinded boy, but her hesitancy settled into reluctance, and by the time the stars came out, she had said not a word about the day's splendid final act. For one thing, she worried that her description would fall far short of the reality, and that with her inadequate words, she might dull Barty's precious memories of sunsets he had seen. Primarily, however, she failed to remark on the spectacle because she was afraid that to do so would be to remind him of all that he had lost. "It's that bad and worse," Grace said firmly. "Even if they catch him, you're going to live with the quiet fear that he might escape one day. As long as you know he can find you, then you're never going to be completely at peace. And if you love this city so much that you'll put Angel in jeopardy ... then who have you been listening to all these years, girl? Because it hasn't been me." Flanking the wheelchair, Edom and Jacob spent less time

watching the graveside service than studying the sky. Both brothers frowned at that cloudless blue, as though seeing thunderheads.. "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's.".So keep moving. Don't get hung up on the disgusting aftermath. Keep whistling along like a runaway train. Clean up, clean out, roll on..As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release.
